ACHIEVEMENTS

I contributed to improving the data management system by 20% through implementing updates and new technologies

SKILL

Proficient in Microsoft Office, data analysis, and IT troubleshooting.

EDUCATION

A student from the third cohort of Cybersecurity at Yarmouk University , expected to graduate in 2025.

EXPERIENCE

I worked as a Data Entry Assistant at Computer and Information Center at Yarmouk University, and also as a Problem Analyst at the Computer Centre, resolving usage errors for students who faced issues such as incorrect passwords and university emails. Additionally, I assisted students with personal emails used to access external university-related courses, such as Cisco courses.
